THE RANGER BULLDOG ANNUAL STAFF

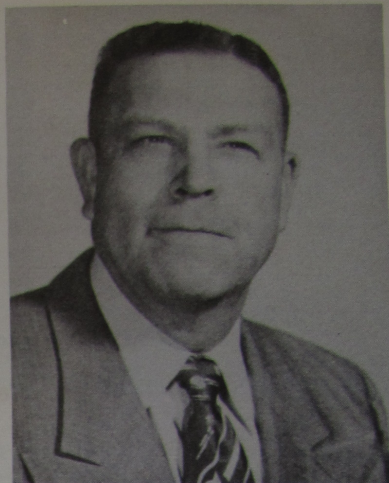

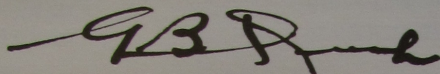

Many feet have filled the shoes of the Ranger Bulldogs down through the years. With these boys in mind, We, the members of the annual staff of 1953 and the faculty and students who have labored together in these halls, lovingly dedicate this annual in the hopes that those who follow us may feel the same sense of loyalty and pride that we have felt, and always keep in mind the thought of good sportsmanship in all things. Ranger High, we love you!

The Annual Staff

To the Annual Staff and Student Body:

Father time is the true testing reagent for all endeavors.
The pictorial record of this school will have greater
values as the years unfold. The time you have spent
on the 1953 "BULLDOG" will help us all to remember
our high school days.

Sincerely,

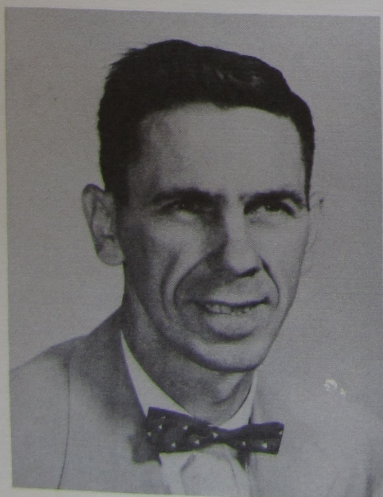

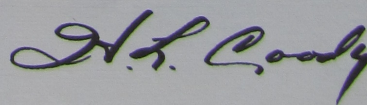

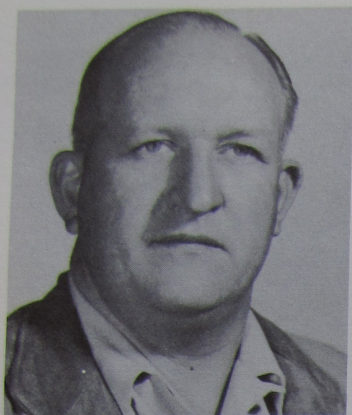

ADMINISTRATION

To the Student Body:

If I may, let me paraphrase the thoughts of a great
man of yesteryear--"Information is no more know-
ledge than a pile of rocks is a house." Here at R.H.S.
we hope not only to help you find information you
need, but to help you properly assimilate your material
into a structure with a good foundation, one that you
may continually add to in the future and in the end
enjoy.

Best Wishes,
